

## Profile

Executive coach, facilitator in workshops and seminars on team building and leadership, author of the book "Wie Zahlenmenschen ticken" and author of numerous articles on the subject of coaching.

## Customers

Several Dax-30 corporations, German and international banks, insurance companies, technical and manufacturing companies, B2B, as well as individual top management personalities.

## Clients

For almost 20 years I have specialized in working with number-oriented senior and top managers. My clients have strong analytical skills and a high degree of goal-, fact- and result-orientation.

## Expertise

Coaching is about a mode shift from performance to the power of personality. This power comes from clarity and certainty about one's own concerns, values and intended purposes. The power of personality also arises through flexibility. It enables to reflect and constantly expand one's own points of view, to develop empathy in order to reach others, to convince and win, to build trust and to exert influence.

## Offer

Coaching: leadership, relationship, personal development, clarity, security and flexibility, onboarding of board members, transition as well as  
Workshops, change support and team building: on the topics just mentioned.

## Overview CV

Senior Coach DBVC (Deutscher Bundesverband Coaching), coaching-related advanced trainings, various certifications, prior to that, many years of management experience in public relations, professional activity in the USA, academic background is Philosophy.
